

The CME in Transfusion Medicine “Interdisciplinary comprehension in Transfusion Medicine” was held at the AIIMS Raipur Medical College Building with the faculty from Transfusion Medicine Surgery, Trauma and Paediatrics making an attempt to standardise the protocol in transfusion Medicine. The delegates included the faculty, residents and students of AIIMS Raipur and from other medical institutions. The Director, Dean, Chief Guest Dr Gahine were gracious to make their presence available for the CME. The clinical topics of the CME and Transfusion Medicine in general was covered in the Question and Answer session with the guest faculty Dr Ratti Ram Sharma and others. The encouragement received for the department from an organizational perspective and the receptiveness shown by the various departments is an encouragement for similar educational activities for AIIMS Raipur.
